CAREER OBJECTIVE

Motivated **B.Tech Computer Science and Engineering** student at ITM University, Gwalior (2027 pass out) with strong skills in Python, SQL, Excel, Power BI, and Web Development. Seeking an opportunity as a **Data Analyst / Developer** to apply analytical thinking, data visualization, and problem-solving skills to help organizations make data-driven decisions.

EDUCATION

Bachelor of Technology (B.Tech) – Computer Science & Engineering

ITM University, Gwalior | *Batch of 2027*

TECHNICAL SKILLS

Programming & Databases: Python, SQL (MySQL)

Data Analysis & Visualization: Power BI, Microsoft Excel, Pandas, NumPy, Matplotlib

Web Development: HTML, CSS, JavaScript, Web Developer Master

Tools & Platforms: Git, GitHub, Jupyter Notebook

POWER BI & DATA ANALYTICS DASHBOARDS

HR Analytics Dashboard (Power BI)

- Designed an interactive HR dashboard tracking key employee metrics, retention rates, and department performance using DAX filters.

PhonePe Transaction Analytics Dashboard (Power BI)

- Created a visualization dashboard analyzing PhonePe payment transaction volumes, success rates, and user adoption metrics.

Amazon Sales & Customer Insights Dashboard (Power BI & Excel)

- Built an e-commerce sales dashboard to monitor revenue patterns, top-selling product categories, and monthly growth trends.

Flipkart Sales & Performance Dashboard (Power BI & Excel)

- Developed an order performance dashboard tracking fulfillment status, average order value (AOV), and discount analysis.

Healthcare Patient & Hospital Management Dashboard (Power BI)

- Constructed an operational dashboard tracking patient admission rates, bed occupancy, and hospital resource efficiency.

WEB DEVELOPMENT PROJECTS

- Shree Murlimanohar Mandir Website** (shreemurlimanoharmandir.in) – Developed a responsive professional temple website for community updates, events, and notices.
- Todo-List Web Application** ([Live Demo](#)) – Built a dynamic task manager allowing users to create, organize, edit, and filter daily tasks smoothly.
- Personal Portfolio** ([Live Portfolio](#)) – Designed an interactive personal portfolio to showcase technical projects, core skills, and contact links.

CAREER GOAL

To build a successful career leveraging data analytics, business intelligence tools, and modern web technologies to solve real-world business challenges.
